TECHNICAL SKILLS

Programming Languages: HTML, CSS, PHP, Java, JavaScript, C++, C, Python, Kotlin, SQL

Tools, IDEs, and Platforms: Visual Studio, Android Studio, Dev C++, PyCharm, Oracle VirtualBox, Arduino

IT and Technical Skills: System Hardware Installation, Basic Diagnostic and Remediation Services, I/O Device Configuration, Basic Network Topology and Protocol Knowledge, Productivity Suites, Operating Systems

INTERNSHIP EXPERIENCE

- IT/Tech Support Intern – MicroPhase Corporation**
- Performed testing, troubleshooting, and preventive maintenance of laptops, desktops, and monitors to ensure optimal performance and reliability.
 - Upgraded and installed computer hardware components, including RAM and SSDs, for both laptop and desktop systems.
 - Installed, configured, and activated operating systems, drivers, software applications, and licenses based on client requirements.
 - Assembled and configured desktop computers and conducted quality assurance checks prior to deployment.
 - Assisted in basic network setup, connectivity troubleshooting, and technical support for end users.

PROJECTS

- Gzing App (XML, Kotlin) (2025)**
- Developed a native Android application using Kotlin featuring real-time geofencing to monitor user proximity to destinations.
 - Integrated Fused Location Provider to create a configurable alert system with custom radius settings (in meters).
 - Programmed high-priority notifications and alarms to ensure commuters never miss their intended stops.
- Yviang’s Kitchen Inventory and Sales (PHP, HTML, CSS, JavaScript, MySQL) (2024)**
- Architected a full-stack management system for real-time inventory tracking and automated low-stock alerts.
 - Built dynamic reporting tools to analyze sales trends, supporting data-driven menu optimization.
 - Implemented secure user authentication and input validation to protect sensitive business and sales data.
- Drippy E-Commerce Website (PHP, JavaScript, CSS, MySQL) (2023)**
- Engineered a full-stack e-commerce platform with dynamic product displays and a responsive, user-centric UI.
 - Integrated a MySQL database to manage product inventory, user accounts, and secure order processing

COURSES AND CERTIFICATIONS

Cisco Networking Academy Program	
• CCNAv7: Introduction to Networks	2025
• CCNA: Switching, Routing, and Wireless Essentials	2024

EDUCATIONAL BACKGROUND

Our Lady of Fatima - Bachelor of Science in Information Technology	2022 - 2026
Tomas Claudio Colleges - Senior High School (TVL-ICT)	2020 - 2022
